Each local church is responsible for providing mature and competent adult supervision for their youth attending National Bible Quizzing 2021. We ask that churches provide both male and female leaders (who are at least 21 years of age at a suggested ratio of 1 coach per 7 youth in attendance). The local church coach will be responsible for providing the primary oversight and supervision of their youth at National Bible Quizzing 2021. The local church coaches will be responsible for leading their group in prayer and discussion times, maintaining quiet hours in the residence halls, and will serve as the main source of supervision and discipline for their students.
